"Kinal" means extremes in fortune, health and happiness and this inspires us to do our business in a unique way. Kinal Global Care Means Caring the world with special attention of focused driven products. Founded in 2015 with an objective to "infuse professionalism and passion in the food and agro industry" The Team at Kinal Global Care (KGC) believes that "to care is to be committed". And caring for human well being makes it even more challenging in the current scenario of environmental hazards and dynamic lifestyle of today's generation.

Kinal Global Care Pvt Ltd., is an end to end analysis-driven Agro identifier and processor for various agricultural products especially in Spices, Herbs, Grains and Agro commodities. Kinal has adopted a unique evidence-based approach of procuring raw materials for the buyer's which has enabled us to develop a deeper understanding and engagement with them. Delighting customers in wholesale while trading in bulk is challenging and hence at Kinal we are laser focused on our end consumers.

We thoroughly study the market in each country before we ship the products and this has enabled us to earn the continued trust and confidence of our customers.

Over the years of Kinal's journey, we have advanced our systems and with our high integrity and transparency, we could match the exact product delivery with the highest level of professionalism

At Kinal, we have advanced its infrastructure as well as systems and People capabilities. Kinal's partnership with farmers and the development team, supported by the meticulous application of agro science and technology enables us to deliver the highest quality of agro products.
